The 21st annual event takes place at the Ohkay Convention Center from 6–9 p.m.

On September 8, learn the secrets to a successful startup from Steven Brumby (pictured here with Senator Martin Heinrich), co-founder of Descartes Labs.

Lab Volunteers

Los Alamos National Laboratory's participation in STEM (science, technology, engineering, and math) events is made possible with support from the Department of Energy through the Laboratory's Science Education Community Service Time Program. To request STEM experts, complete a brief online [request form](#).

Los Alamos experts and volunteers can also be requested through the Laboratory's [Volunteer Program](#), which partners with the national [Volunteer Match](#) initiative.

Speaker's Bureau

The Laboratory has speakers with experience in a wide variety of subjects who can tailor their content for a range of audiences. Call 505-667-7000 to be matched with the right person for your audience.

Calendar Submissions

Los Alamos National Laboratory and the Laboratory's management company, Los Alamos National Security, LLC (LANS), help support the above events, programs

and campaigns. To include your event or application deadline in upcoming calendars, email connections@lanl.gov with a brief description of your event and how the item is connected to the Laboratory or LANS.

Community Connections features news and opportunities that grow out of the Laboratory's Good Neighbor Pledge: "To partner with our neighbors on strengthening math and science learning, diversifying the economy and expanding community giving in northern New Mexico."
